and other lottery rules applicable to the Powerball game except as may be amended in the Powerball Group Rules. The promotion will begin at a time announced by the Selling Lottery and will continue until discontinued by the lottery. The promotion will offer to the owners of a qualifying play a chance to increase the amount of any of the eight lump sum Set Prizes (the lump sum prizes normally paying \$4 to \$1,000,000) won in a drawing held during the promotion. The Grand Prize jackpot is not a Set Prize and will not be increased.

Qualifying Play: A qualifying play is any single Powerball play for which the player pays an extra dollar for the Power Play option.

Power Play Prizes to be Increased: Except as provided in the Powerball Group Rules, a qualifying play which wins one of the seven lowest lump sum Set Prizes (excluding the Match 5+0 prize) will be multiplied by the number selected, either two, three, four, five, or 10 (2, 3, 4, 5, or 10), in a separate random Power Play drawing announced during the official Powerball drawing show. The 10X multiplier is only in play when the Jackpot is \$150 million or less. The announced Match 5+0 prize, for players selecting the Power Play option, shall be paid two million dollars (\$2,000,000) unless a higher limited promotional dollar amount is announced by the Group.

Power Play Draws (Reserved for future use): MUSL will conduct a separate random “Power Play” drawing and announce results during each of the regular Powerball drawings held during the promotion. During each Powerball drawing a single number (2, 3, 4 or 5) shall be drawn. The Powerball Group may modify the multiplier features for special promotions from time to time.

Grand/Jackpot Prize: The prize money allocated from the current Mega Million prize pool for the Grand Prize, plus any previous portions of prize money allocated to the Grand Prize category in which no matching tickets were sold will be divided equally among all jackpot prize winning plays in all participating lotteries. The annuity Grand Prize amount will be paid in thirty (30) graduated annual installments. Grand Prizes won shall be funded by the Selling Lotteries in accordance with the formula set by the Mega Millions lotteries. The Mega Millions lotteries may set a minimum guaranteed annuity Grand Prize amount that shall be advertised by the selling lotteries as the starting guaranteed annuity Grand Prize amount.

Prize Fund Exception: The Prize Fund for any drawing is expected to be up to 55% of sales, but may be higher or lower based upon the number of winners at each prize level, as well as the funding required to meet the advertised Grand/Jackpot. Except as provided in the Mega Million Rules, all other prizes awarded shall be paid as set prizes.

The Grand Prize is not a Set Prize and will not be multiplied or increased by means of the Megaplier promotion. A qualifying play that wins one of the lump sum Set Prizes will be multiplied by the number selected, either two, three, four or five (2, 3, 4, 5), in a separate random Megaplier drawing. MUSL will either itself conduct, or authorize a U.S. Lottery to conduct on its behalf. Before each Mega Millions drawing a single number (2, 3, 4 or 5) (does not include the grand/jackpot prize) shall be drawn. In the event, the multiplier drawing does not occur prior to the Mega Millions drawing, the multiplier number will be a 5 (five), which shall solely be determined by the lottery authorized to conduct the “Megaplier” drawing.
