A Letter from the CEO and Board of Directors

Record Revenues

At a time when more students than ever need tuition assistance, the New Mexico Lottery raised a record \$43.6 million for Legislative Lottery Scholarships in Fiscal Year 2010.

Sales were up for the first time in four years. Players bought **\$143.6 million** in tickets, an increase from **\$142.3 million** in FY 2009.

To re-engage lapsed players, connect with new players and grow sales, the Lottery completed several important initiatives from its strategic plan.

They included:

► Changing Roadrunner Cash™

We increased the starting jackpot and improved the overall odds of winning. Players responded enthusiastically and ticket sales jumped nearly 19 percent.

► Making it easier to buy tickets

We acquired 50 more stores, including KmartSM with its 15 locations across New Mexico.

► Adding more excitement to Scratcher[™] games Players entered non-winning tickets into drawings

for merchandise of flat-panel TVs, laptops and other great prizes. These exciting "second-chance" promotions drew **75,200** entries.

► Introducing *Mega Millions*®

Two industry groups voted to allow lotteries to offer both *Powerball®* and *Mega Millions*. Previously, lotteries could sell only one of the two games. Nearly all 46 U.S. lotteries — including Texas, Arizona and Colorado — acted upon this rule change. Offering *Mega Millions* gives our players in border towns a good reason to continue buying their lottery tickets at home and contributing to Legislative Lottery Scholarships.

Although these efforts boosted sales, cost-cutting delivered the record revenues.

For the second consecutive year, we froze salaries.

Tom Romero

For the third consecutive year, we held advertising expenses at **\$2.2 million** and suspended retailer incentives. In the past, paying incentives helped keep Lottery games in the best locations within stores.

Lastly, we enjoyed our first full year under contract rates for our new gaming system launched in late 2008. We saved approximately **\$4.5 million** in vendor fees compared to rates paid to the previous gaming system supplier for equivalent sales in FY 2008.

Since 1996, the New Mexico Lottery has raised nearly \$446.2 million for education and more than 68,000 students have attended college on Legislative Lottery Scholarships. This milestone was made possible by the support of players, retailers, vendors and legislators past and present. Thank you for your commitment to the ongoing success of the New Mexico Lottery and the Legislative Lottery Scholarship program.

Sincerely,

Tom Romero

Where the Money Goes

\$143.6 Million in Gross Revenues for the New Mexico Lottery Fiscal Year 2010: A Financial Overview

By statute, the Lottery is required to return a minimum of 50% of proceeds to players in the form of prizes. Funds are also allocated to cover the cost of product as well as retailer commissions and administrative costs. Once these expenses have been paid, the Lottery delivers all net proceeds to the State Treasurer to fund the Legislative Lottery Scholarship program.

Mega Millions[®] Comes to New Mexico

In early FY 2010, two industry trade associations reached an agreement to let state lotteries sell both *Powerball®* and *Mega Millions*.

As a result, the New Mexico Lottery's Board approved the Mega Millions game. The Board's decision allowed the Lottery to create sales materials, train store clerks and program software to enable the Lottery's

1,100 retailers to sell tickets and validate prizes.

On January, 31, 2010, the New Mexico Lottery began offering the *Mega Millions* multi-state jackpot game alongside *Powerball* and *Hot Lotto*®.

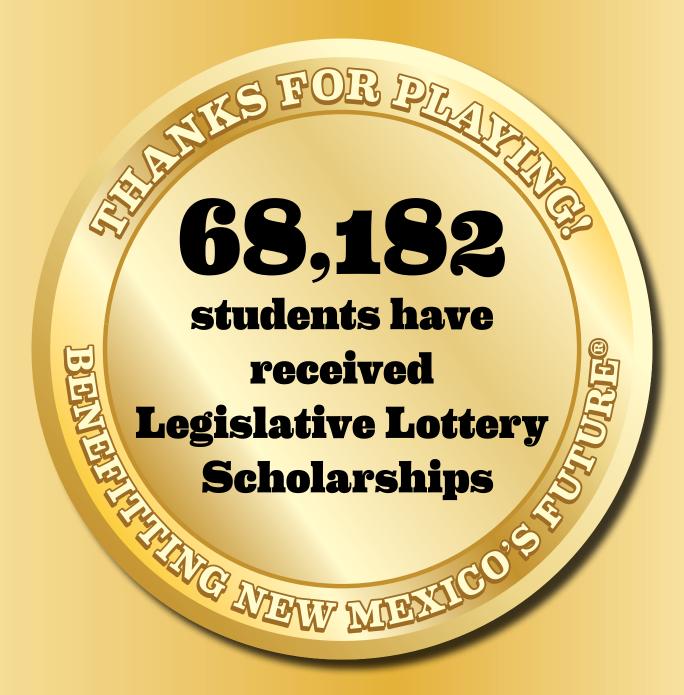

During FY 2010, Mega Millions brought in **\$3.85 million** in net sales.
