FISCAL YEAR 2014 ANNUAL REPORT

Letter from the Board

In Fiscal Year 2014, New Mexico Lottery players raised more than \$40.9 million for the state's Legislative Lottery Scholarship program, bringing the total raised for education since 1996 to \$613.4 million.

With assistance from Legislative Lottery Scholarships, more than 97,000 students have attended college in New Mexico and nearly 49,000 have earned their college degrees.

The history of this amazing program is told on pages 6 and 7. All those rows and rows of numbers represent more knowledge, better job skills, greater employment opportunities, stronger earnings potential, and a higher quality of life for our children and their children.

On behalf of my fellow board members, I would like to thank players for choosing to spend their entertainment dollars with the New Mexico Lottery. Your support of higher education helps make our entire state richer.

Thank you, Dan Salzwedel

WELCOME TO THE NEW MEXICO LOTTERY

In Fiscal Year 2014, the New Mexico Lottery beat both its sales goal and its revenue goal.

Ticket sales were \$136 million, beating a target by \$4.6 million.

As a result, we beat our revenue goal for college students and Legislative Lottery Scholarships.

Revenue transfers in FY 2014 came to \$40.9 million, beating a projection by \$1.5 million. The revenue results represent a return of 30.1%.

In FY 2014, we took many new approaches to win our players' business.

We developed a strategy called "Super Tuesday." On the first Tuesday of every month, we put three to five new Scratcher[™] games out for sale. This makes the availability of new games more predictable to players to help promote better sales. It also increases the efficiency and effectiveness of game distribution and promotion.

We also launched a \$10 Scratcher called "\$500 Explosion." The game featured \$3 million in prizes ranging between \$10 and \$500. The game was designed to create lots of winning experiences that could all be paid in stores. When shoppers saw clerks giving lots of prizes to very excited lottery players, it started a big buzz at the vital point of purchase.

The frequency and placement of our advertising increased dramatically.

Ads for games and big jackpots now run on the music-streaming service Pandora[®], transit busses and grocery "in-store" radio. Scratcher tickets now include "call outs," which advertise the total sum of prizes available in a game.

To increase the exposure of games on network and cable television, we hired an animator who can quickly and inexpensively produce advertising content from a desktop computer. The ads do double duty on our website and on the player advertising displays in stores.

DAVID M. BARDEN CEO

These initiatives helped improve Scratcher sales by \$850,000 in the fourth quarter.

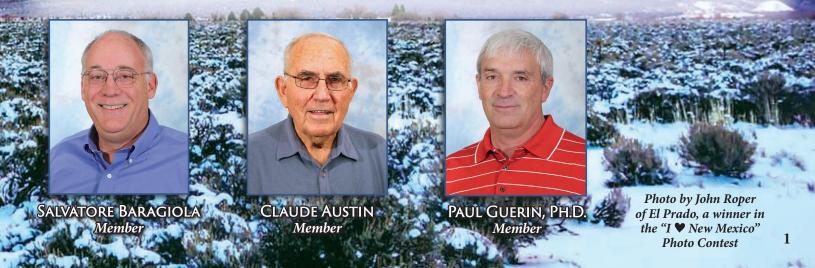

In drawing games, players came out to play for a \$648 million Mega Millions® jackpot and a record \$890,000 Roadrunner Cash™ jackpot. Sales for these games were \$3.7 million greater than projections.

In Fiscal Year 2014, prizes totaled \$74.1 million, including an after-taxes Hot Lotto[®] jackpot of \$7.6 million won by Doug Barnard of Rio Rancho. Retailers earned \$8.8 million for selling tickets and cashing prizes.

On behalf of lottery employees, players, retailers, suppliers, vendors, Gov. Susana Martinez, and legislators past and present, the New Mexico Lottery thanks you for your continued support and encouragement.

Welcome to our Annual Report for Fiscal Year 2014.

Sincerely, David M. Barden

- This report was prepared using the institution-supplied student and student financial aid files
- These figures will always differ slightly in different categories because of official reconciliation adjustments between NMHED and the various institutions
- Some students may be counted more than once because of transfers or other factors, according to NMHED
- Student count is cumulative and includes all students that were awarded a Legislative Lottery Scholarship or Lottery Disability at anytime.
- Graduates so far: non-graduates may still be enrolled, may no longer be on LLS, or may have left the institution
- Graduates and degrees may include duplicates if a student attained more than one degree — i.e., a student received an associate's degree and continued for a bachelor's degree; degrees include bachelor's, associate's, certificate and professional; several graduate students are also included because their Legislative Lottery Scholarships applied to undergraduate tuition that was part of their simultaneous graduate programs
- \$66,553,850 in Lottery revenues were allocated previously to the Public School Capital Outlay Fund for state-awarded school construction and repair grants. Following action by the New Mexico Legislature, the Lottery's contribution to this fund ended in FY 2001 and the last grants made with Lottery revenues occurred in FY 2002
